But you can use the dreamweaver to design website just as you do for. Its important to include your.Palladium-catalyzed cross-coupling of aryl amines and alkynyl sulfonates: a convenient method for the synthesis of highly functionalized pyrroles. [reaction: see text] Aryl amines were reacted with alkynyl sulfonates in the presence of a palladium catalyst and triethylamine. The reaction conditions are mild and suitable for the preparation of C-4-pyrrolyl derivatives with excellent regioselectivity.# frozen_string_literal: true require 'psych/helper' require 'psych/engine' RSpec.describe Psych::Object do include Helpers::Parseable it 'parses an object' do engine = Psych::Engine.new([ 'extend' => 'class foo', 'include' => 'bar' ]) obj = engine.parse('foo.bar') expect(obj.class).to
